What is the Labyrinth Learning Series?

There is an incredible wealth of knowledge and experience within the women's sector, but also a need to come together to reflect on our work, share expertise, and be inspired.

Join us in this series of 50-minute sessions for an opportunity to network with colleagues from across the UK and share 'How To' solutions to some of our common challenges.

In this series we explore examples of innovative, replicable, and inspiring work that can be adjusted to different local contexts and frameworks.
